Good afternoon,

I am more than happy to help. Southwest Demolition has just contacted me and I will assist them in getting this resolved immediately.

Thank you,

Garrett Kakishita

Hi Mr. Kakishita,

I'm having some trouble understanding the email traffic on this issue. Mr. Pondella submitted a receipt to me for the notification and payment of the demo notification (please see attached).

If this has not been successfully submitted, can you assist Mr. Pondella with the necessary steps? This demolition is a hinge point in a Removal Action my agency is overseeing. We need to get this done before the rainy season in order to mitigate the threat of contaminant migration to the adjacent stormdrain, as well as the Los Angeles River.

If you have questions or concerns about this request, please contact me at my cell number below.

I very much appreciated your time and attention in this matter.

Sincerely,

Ben Castellana, Ph.D.

Good morning,

The final building Planning meeting is scheduled for Monday the 4th. The planner has been out of town and returns that day. I shared the R1403 / 40CFR 61 form requirement. We will obtain this. There is also another form that the city wants notarized that we will have Monday.

The work will not begin Monday. Ill inform the group as soon as the city issues the permit and demolition is scheduled.

Have a great day.

Subject: RE: Solis / 216 W. Slauson Avenue - update on demo permit

Update on the demo permit for Slauson:

We received the notarized owner's declaration form in our office yesterday. Bill submitted the form to the Building Department this morning. At the last counter review, Bill was told that this this owners' declaration form was the last item needed before pulling the demo permit.

This morning, Bill was told that they (Bldg Dept) made a mistake by missing required 4 departmental clearances. Listed below are the required City Clearances necessary to obtain the demo permit:

1. Planning Department - City Planning Commission. CLEARED today 10/25/19.
2. Metropolitan Transportation Authority (MTA) - Construction within Metro Rail Project Area. CLEARED today 10/25/2019.
3. Planning Department - Southeast Los Angeles Community Plan Implementation Overlay (CPIO). Expected clearance on Monday October 28 when planner who handles area returns to work.
NOT YET CLEARED.
4. Community Redevelopment Agency- Project located in CRA Area Council District 9 Redevelopment Project. Public CRA Counter opens for clearances Tuesday, Wednesday & Thursday. Per the request of the Planning Department, Bill sent an email to the agency today asking them to expedite this. Expecting to have this cleared by end of day on Tuesday.
NOT YET CLEARED.

If the 2 remaining items are cleared on Tuesday, we can then pull the demo permit on Wednesday, October 30.
